★ Mingling Session

In 2024, The Chinese University of Hong Kong (CUHK) presented the **Outstanding Students Awards** to 290 students, comprising 90 individuals and 14 groups. These awards celebrated exceptional achievements beyond academic excellence. The awardees were recognised for their remarkable contributions to the community and their courage in overcoming challenges. The awards stand as a testament to the outstanding talent, dedication, and resilience demonstrated by our students in various non-academic pursuits. They symbolise the core values of excellence, leadership, and service that we strive to instil within our student body. Since 2018, over 800 exceptional students have received these awards.

The Outstanding Students Awards are categorised into five areas: Arts, Innovation and Invention, Social Service (serving the CUHK community and society), Special Achievement, and Sports. The awardees have exhibited excellence, qualities, and attributes in one of these domains. Applications were submitted through self-nomination or nominations from Faculties, Colleges, Physical Education Unit (PEU), Faculty of Education, Office of Research and Knowledge Transfer Services (ORKTS), and Office of Student Affairs (OSA). The awards aim to recognise students' significant contributions and their ongoing positive impact on the CUHK community and society. Recipients are expected to lead by example and inspire their peers to embrace characteristics such as optimism and resilience in the face of challenges.
